For the Fiscal Year Ending

February 15, 1914.

VITAL STATISTICS FOR 1913.

1914

PRESS OF HERBERT W. HOBBS,  
OSSISPEE VALLEY, N. H.

## TOWN WARRANT.

First. To see what sum of money the town will vote to raise for decorating the graves of soldiers.

Second. To see what sum of money the town will vote to raise for repairs of highways in summer and make appropriations of the same.

Third. To see what sum of money the town will vote to raise for repair of highways in winter and make appropriations of the same.

Fourth. To see what sum of money the town will vote to raise for the repair of bridges

Fifth. To see what sum of money the town will vote to raise for defraying the expenses of the town.

Sixth. To see what sum of money the town will vote to raise for the destruction of the gypsy and brown tail moths.

Seventh. To see what sum of money the town will vote to raise to be expended as a joint fund for the construction of the Ossipee-Meredith road.

Eighth. To see if the town will appropriate the sum of \$400. for Trunk Line maintenance, providing the State appropriates \$2,000. for that purpose.

Ninth. To see if the town will vote to accept State aid agreeable to Chapter 35, laws of 1905.

Tenth. To see what sum of money the town will vote to raise to repair the embankment on the Northerly side of the bridge at Moultonville.

Eleventh. To see what action the town will take in the matter of petition of Simon O. Huckins to the Superior Court for the abatement of tax on his stock in trade for the year 1913.

Twelfth. To choose Town Clerk, Treasurer, Selectmen, Auditors and all other town officers and agents for the year ensuing.

## SCHOOL WARRANT.

---

First. To choose a moderator for the ensuing year.

Second. To choose a clerk and treasurer for the ensuing year.

Third. To choose a member of the school board for the ensuing three years.

Fourth. To see what sum of money the district will vote to raise for the repair of school houses.

Fifth. To see what sum of money the district will vote to raise for the support of schools in addition to the amount required by law.

Sixth. To see what sum of money the district will vote to raise for the salaries of school board and other district officers.

Seventh. To see what sum of money the district will vote to raise for the purchase of school books and supplies.

Eighth. To see if the district will vote to establish a By-Law in relation to the transportation of scholars.

Ninth. To see if the district will vote to establish a By-Law in relation to janitor service in schools.

Tenth. To see if the district will vote to rescind a vote passed March 10th, 1908 in relation to uniting with one or more towns to form a supervisory school district and employing a superintendent of schools.

## SELECTMEN'S REPORT.

---

OSSIPEE, N. H., Feb'y 16, 1914.

To Herbert W. Hobbs and Harry A. Wallace, Auditors:

We herewith submit a report of our financial transactions as Selectmen during the past year, and our vouchers therefor, together with a statement of the financial condition of the town.

DANA J. BROWN,  
ORODON P. HOBBS,  
BARTLEY A. CARLETON,  
*Selectmen of Ossipee.*

### AUDITORS' CERTIFICATE.

OSSIPEE, N. H., Feb. 19, 1914.

The undersigned, auditors of the school district of Ossipee for the year ending Feb. 15, 1914, certify that we have examined the accounts of the school board and treasurer of said district and find them correctly cast, and a proper voucher for each disbursement.

CHARLES A. WIGGIN,

HARRY A. WALLACE,

*Auditors.*

---

### AFTERWORD.

The citizens of Ossipee are to be commended for their far-seeing liberality in voting the means to support educational opportunity far beyond the requirements established by law. Such an answer to the children's need is ample cause for public pride. It is the duty of the board of education to expend the means thus placed at its disposal with the utmost economy that the maximum of opportunity be realized. Grant liberal appropriations and perfect expenditure, and then the success of our schools depends upon a healthy and vigorous support from the parents. It is another case of leading a horse to water. School officials can drive children to school, but teachers cannot *make* them learn. Parents should impress upon the minds of their children the value of each wasted moment; that such opportunities are priceless,

and once lost can never be regained. On the other hand, we find parents inventing excuses and misrepresenting facts in order to justify absence. During the past few years a vast change has taken place in the attitude of the parent toward the teacher. This change has nearly, if not quite, neutralized the advantages that ought to be derived from ever increasing opportunities and improved methods. Home influence and training are more essential to the success of our country schools of today than any other element.

#### TRANSPORTATION.

The cost of transportation within the district has become a vital question. Apparently many regard it as a commercial enterprise. An increase from \$65.00 in 1905 to \$770.10 during the past school year, (almost nine hundred percent), requires a radical remedy. It is another instance of the changed attitude of parents toward the school. There is no reason why a perfectly healthy, normal child should not walk a mile, a mile and a half, or two miles, even, to school in good weather. Such exercise would be beneficial. It would be reasonable to transport, at the expense of the district, children living at a great distance from schools in cases of extremes in winter, such as deep snows, severe cold and bad traveling, but to secure a school year commensurate with the appropriations this drain upon the school treasury must stop, or at least be curtailed to the limit of necessity.

#### SCHOOL BUILDINGS.

The buildings at Granite, Moultonville, Ossipee Valley and West Ossipee have been thoroughly repaired. The cost of such repairs and improvements may seem excessive at first glance, but prevailing conditions required that all the work should be done, and the large total expended is mainly due to the high cost of lumber, material and labor. The cost was far in excess of the estimate. The building at Ossipee will demand the most costly repairs during the ensuing year. The remaining buildings will require but minor repairs.

## FREE TEXT BOOKS AND SUPPLIES.

The providing of free text books and supplies, while to be commended, tends to lack of care in the use of the former and extravagance in the consumption of the latter. This is another feature requiring home training of children, as well as strict supervision of teachers.

## SUPERINTENDENT OF SCHOOLS.

The intent of the law providing for expert supervision of schools is to secure a better classification of pupils, and to suggest and extend more comprehensive methods of teaching. Properly administered, the law is conducive to marked progress in efficiency and worthy of hearty support. Unfortunately, however, results depend entirely upon the ambition, aptitude, training and personality of the agent chosen to administer the purposes of the law. The truth of this statement has been amply demonstrated in Ossipee during the past year.

There has been constant discord between the school board and the superintendent of schools, the matter being brought to an acute head when it became necessary for the school board to determine as to whether a private school, established at Mountainview by Mr. Edwin C. Conner, should be approved within the meaning of the law covering the attendance of pupils. The superintendent of schools vigorously opposed the approval of this school, going so far as to incite several teachers, under the impression that they were being imposed upon, to forward remonstrances against such approval. His opposition was not only vigorous, but it showed plainly both prejudice and malice. The school was approved.

Since that time his attitude towards the school board has been one of malicious criticism and vituperation. This has been carried to such extent that we believe his influence upon the schools has been negative rather than progressive.

## THE NEXT SCHOOL YEAR.

A radical reduction in expenditures for transportation, no requirements for excessive repairs and much of the year's fuel now in the sheds and already paid for, will materially

increase the school year of 1914, providing the same appropriations are continued. This the public welfare demands.

LESTER G. BUSWELL,  
WILLIAM H. LORD,  
HERBERT W. HOBBS,

*School Board of Ossipee.*
